The Unfolding Vision

BG Global (Pty) Limited is an unlisted diversified wholly black-owned and controlled international investment firm, founded in 2010, with a diversified portfolio of investment propositions.

Established in 2010, the Group has evolved from its origins in mineral exploration and power generation into a portfolio of operating companies and strategic investments connected by a common objective: the creation of enduring value.

FROM 2010 TO TODAY

A journey of purpose. A future of possibility.

From a bold vision in 2010 to a diversified international investment firm today, our journey has been defined by discipline, foresight and relentless execution.

We invest. We build. We create impact.

2010 — THE BEGINNING

BG Global is established in South Africa, initially focused on mineral exploration and power generation.

2011–2017 — FOUNDATIONS

The Group deepens its exposure to resources, energy and technology development, while establishing the foundations for a broader investment platform.

2018–2022 — DIVERSIFICATION

BG Global expands into mining, mining services, strategic investments and international partnerships — beginning its transition from a focused resources business into a diversified investment group.

2023–2024 — INVESTMENT ACCELERATION

Strategic investments, acquisitions and partnerships strengthen the Group's operating reach and institutional depth.

2025–2026 — THE GROUP TAKES SHAPE

BG Global emerges as a more connected investment group, with expanded operating businesses, mining capability, technology interests, capital platforms and international presence.

“ What began with resources became a platform for enterprise. ”

BUILT FOR GENERATIONS

BG Global exists to create lasting impact by investing in what matters most — people, enterprise and enduring value. We are building more than businesses; we are building a legacy that outlives us all.

LEGACY

We build for more than our lifetime. BG Global seeks to create enduring enterprises that preserve value, strengthen communities and create opportunity for generations to come.

PEOPLE

Enterprise is built by people. We invest in capability, meaningful employment, collaboration and the communities within which our businesses operate.

WEALTH CREATION

We transform capital, resources and opportunity into productive businesses that create sustainable value for shareholders, employees, partners and society.

"We measure success not only by the value we create, but by the lives we improve and the legacy we leave behind."
